**Ace Hotel & Swim Club** - Palm Springs is the desert. People come here to escape the city and recharge with the tranquility of the desert landscape. Ace Hotel Palm Springs reinvents and updates the idea of the resort property, broadening the boundaries of the desert oasis.

Offbeat details like tamale carts and tuk tuks offer surprise and amusement, while the property's serene setting is embraced via outdoor massages and edible landscaping. Built on the foundation of a 1965 Westward Ho Hotel, much of the property's original elements are preserved and restored, from unearthed terazzo floors in the restaurant to the rare deep saltwater pool.

For the hotel's interiors, the L.A.-based visual curator team Commune builds on the Ace penchant for pure, human design. Commune's translation of the Ace vision transports the guest to an indulgent, bohemian "camping" experience. Utilitarian and beautiful, the design of Ace Palm Springs caters to the guest who seeks the simple and sublime

## Our March Charity

A portion of the evenings proceeds benefit

**100 WOMEN - A Major Donor Program Dedicated to Improving Community and Medical Services for Women and Children affected by HIV/AIDS**

An increasing number of women and children are being affected by HIV/AIDS and the services they require are unique. Although HIV/AIDS is a complex disease, women and children with HIV are living longer and stronger lives filled with love and happiness. That's why the members of 100 WOMEN are so important to Desert AIDS Project. 100 WOMEN members donate from \$1,500 to \$25,000 or more each year and fund life-saving client services that may not otherwise be available for women and children.
